

FOR IMMEDIATE RELEASE

**BMR Rear Bumper Support for S650 Mustangs
BSR760 – \$169.95**

Reduce weight and improve performance in your S650 Mustang with Bumper Supports from BMR Suspension. Factory supports are manufactured from stamped steel and are unnecessarily heavy. Fabricated from thin-wall, 1-1/4-inch DOM steel tubing and 3/16" laser-cut plates, our S650 Mustang Bumper Supports offer a strong yet lightweight alternative to hefty factory supports. The BMR Bumper Supports (BSR760) get the scale going in the right direction when attempting to reduce weight on the heavy S650 Mustang. BMR has designed the BSR760 for drag racing and street performance applications. Installation time is 1-2 hours. Available in black hammertone or red powdercoat for long-lasting good looks. Proudly made in the U.S.A.
